RUMANIA AFIRE WITH REVOLT-- FERDINAND SHOT

King Wounded By Rioters Who Bar Royal Family's Escape.

ARMY MORALE SHAKEN

Throngs Shout "Down with the Puppets" in Bucharest Streets.

By Associated Press Leased Wire
Berlin, Feb. 13.—A general insurrection is in progress throughout Rumania; according to dispatches from Vienna, King Ferdinand has been wounded slightly in an attempt to flee from Bucharest with the royal family. Workingmen blocked the roadway from the royal palace when the royal family attempted to flee to Jassy, and the King and his family were forced to return. The King was wounded when the workingmen, according to the report, fired upon the royal palace. Rioters in the streets of Bucharest are openly demanding the overthrow of the dynasty, with cries of "Down with the puppets!" and "Long Live the Republic."

The Vilag (newspaper) of Budapest learns that the revolution is a part of the Bolshevik propaganda. In clashes between the military and the democrats at Bakost, sixty persons were killed and 150 were wounded.

Discipline in the Roumanian army is rapidly disappearing. Food and economic situations are growing worse and the country's finances are completely demoralized. The position of the Braciano Cabinet is declared to be untenable.

YANKS ARRIVE; "REDS" DEPART

By Associated Press Leased Wire
Archangel, Russia, Feb. 13.—American reinforcement marched for over thirty miles over forest trails to reach the hard-pressed British and Russians in the region of Srednakremka yesterday. The result was that the Bolsheviks who had been launching strong attacks in this region, have retired to the southward and have apparently abandoned their offensive movement.

Rev. Tidball Present at Presbyterian Meet

Rev. Jesse M. Tidball, pastor of the Presbyterian church returned this morning from Chicago, where he has been attending the Conference of the Chicago district for the New Era Movement. More than 2,000 delegates were in attendance from Illinois, Michigan, Indiana and Wisconsin. Enthusiasm ran high as the great objective in the program of the church for the next five years were explained by the speakers. The meetings opened with a luncheon in the Central Y. M. C. A. on Tuesday, at which Rev. W. S. Marquis, of Chicago, and W. F. Weir, of New York, were the principle speakers. The day meetings in the Fourth Presbyterian church, addressed by Wm. H. Foulkes, of Philadelphia, John Timothy Stone, of Chicago, A. W. Halsey and others set forth in a clear way the tremendous opportunity and responsibility on the church in this new era. Evening meetings in the Church of the Covenant, packed to the doors, with inspirational addresses by Mr. Henry P. Crowell and Dr. John R. Davies, of Philadelphia, were crowned with wonderfully impressive covenant making and which everyone took a personal responsibility to achieve his part in the new great task.

May Be Last Local Option Election Held

Divernon, Ill., Feb. 13.—The last legally "wet" spot in Sangamon county may be abolished before the July 1 dry spell starts. A movement is under way to force a wet and dry vote in this town at the local option election. It may be the last local option election held in Illinois.

Citizens have circulated petitions for an election and more than the required number of names are said to have been obtained.

"HEARTS OF THE WORLD"

Every seat in the house, including box seats, was occupied last night at the opera house to see Griffith's "Hearts of the World," and many were turned away. It was the universal verdict of everyone that it was one of the most wonderful productions ever shown on the screen. The picture will be shown again tonight.

County Must Take Man to Watertown

Henry Borneman, the escaped inmate of the Watertown hospital, who was apprehended here early in the week, must be returned by Sheriff Schoenholz at the county's expense, according to instructions received by that institution. The state law makes no provision for the state standing the expense of returning such inmates.

CATHOLIC BISHOPS IN REPORT ON CONDITIONS OF LABOR IN NATION

Bishop Muldoon of Rockford Diocese on Committee Which Investigated.

URGE SOME REFORMS

Declare Deep Unrest of Labor Throughout World is a Decided Menace.

By Associated Press
Washington, D. C., Feb. 13.—Adoption of minimum wage schedules, maintenance in general of the wage levels attained during the war and permanent establishment of the National War Labor Board and the United States Employment Service were advocated as essentials of a just reconstruction in a report made public today by four Catholic bishops, constituting the Administrative Committee of the National Catholic War Council.

While favoring, in the interests of health and morality, prohibition of child labor and reduction to the smallest practical limits of the employment of women in industry, the committee urged equal pay for women doing equal work with men. It declared also for insurance of workers against illness, old age, and unemployment until wages are high enough to tide over such periods, for abolition of monopolies, for continuance of heavy taxes on large incomes and excess profits, for co-operative merchandising in necessities to reduce the cost of living and for government-assisted colonization of unoccupied farm lands by demobilized soldiers and sailors.

As a measure outside its present reconstruction program but of value in solving the problems of capital and labor the committee urged gradual participation by labor in the management and eventually in the ownership of industry.

Bishop Muldoon One.

The report, entitled "Social Reconstruction: A General Review of the Problems and Survey of Remedies," was issued in the names of Bishops Peter J. Muldoon, of Rockford, Ill.; Joseph Schrembs, of Toledo, O.; William T. Russell, of Charleston, S. C.; and Auxiliary Bishop Patrick J. Hayes, of New York. As members of the War Council's Ad-

Compton Youth With Red Cross Relief Ship

Ensign Elliott C. Risley, son of Mr. and Mrs. C. D. Risley, of Compton, sailed February 6th, on the U. S. S. Pensacola for Turkey with a boatload of Red Cross supplies for the Armenians. The ship will go from Turkey to Russian ports before returning to New York and it is expected it will be gone about six months. Ensign Risley has written to his parents that the Armenians, Syrians and Jews in New York gave them a fine sendoff. One lady presented the Ensign with a letter for delivery to the Mayor of Beirut, Syria, who, she told him, her uncle as is aiso the Prince Fayez Shihab of Syria. This is the Compton young man's first trip across since receiving his commission. The Pensacola was formerly a German freighter and is said to be one of the best ships of its kind afloat.

Two Waterman Men Killed By a Train

DeKalb, Feb. 13.—Henry Martin and Walter Liddick, two well known Waterman young men, were instantly killed shortly after midnight when the automobile in which they were riding was struck by a fast train on the Burlington railroad at the first crossing east of Big Rock. Death was instantaneous and the men's bodies were terribly mangled. Martin was 33 years of age and is survived by a wife and baby. Liddick had but recently been released from army service.

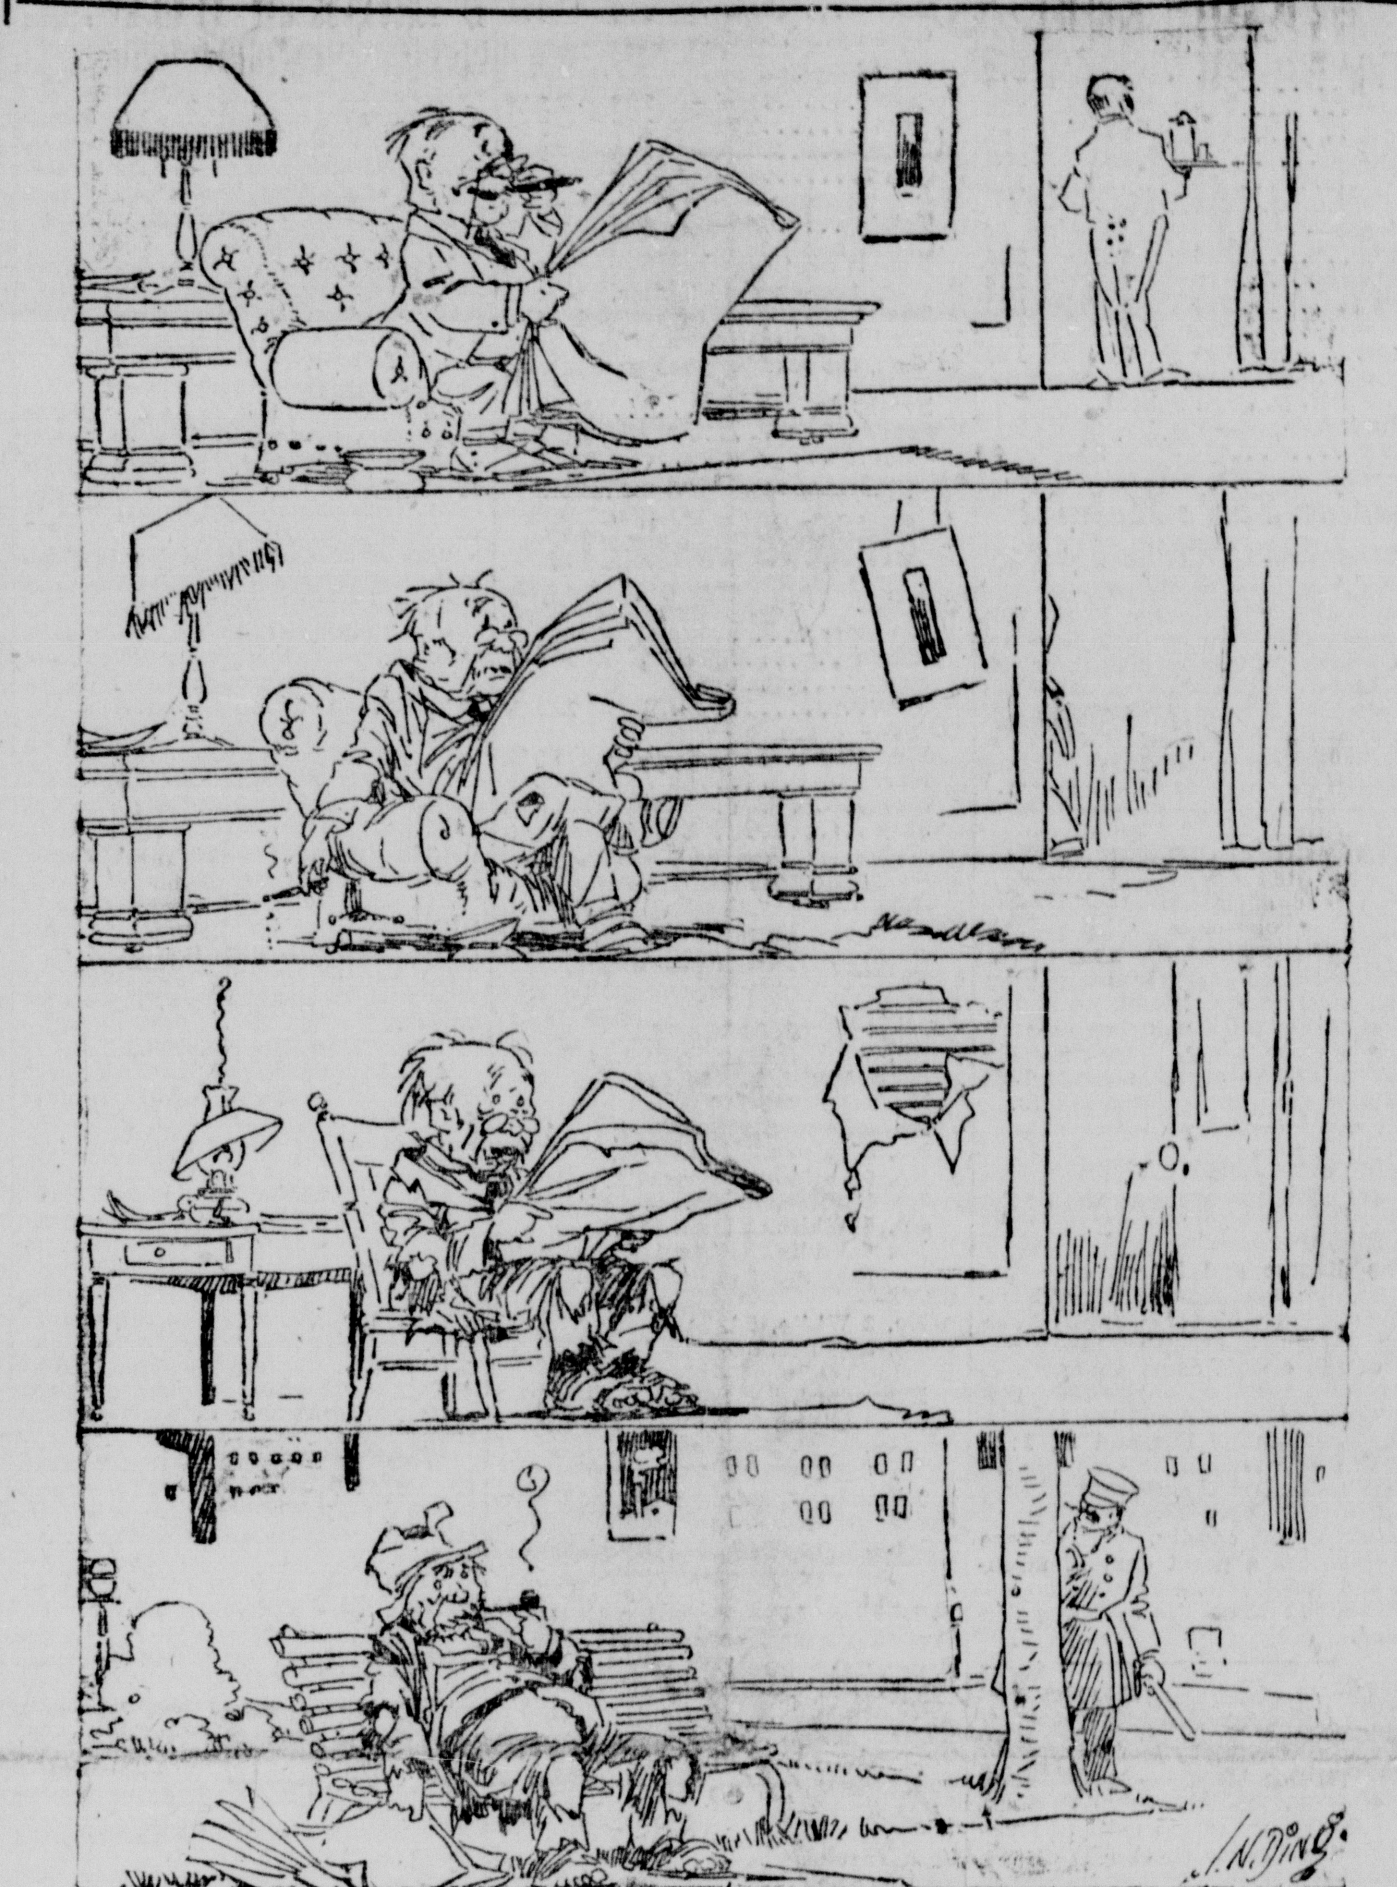

Celebrate Fiftieth Wedding Anniversary

Mr. and Mrs. George Klosterman, of Prairieville, will celebrate the fiftieth anniversary of their marriage next Tuesday evening, Feb. 18. On the afternoon of that day they will be glad to receive all of their friends from two until five o'clock at their home in Prairieville, but they have requested that no presents be given them during the celebration.

New Auto Agency to Open on Hennepin Ave.

J. P. Burhenn has leased his building at 117-119 Hennepin avenue to W. R. Thompson, of Kansas City, who will soon open the store rooms and garage establishments with a full line of Studebaker cars, for which he has secured the sole agency for Lee, Whiteside and Bureau counties. W. G. Snyder, of Freeport, will be the manager of the establishment.

ENGLISH TO LEAVE DIXON SHOE FACTORY

Superintendent for Five Years Has Been Given Excellent Promotion.

GOES TO ST. LOUIS

E. H. English, superintendent of the Brown Shoe company's factory in this city since it was opened under the management of that company five years ago, has been promoted to the head of the sole leather department of the Brown Shoe Co., which now operates ten factories and in his new position he will also have charge of the purchasing the sole leather for all of the concern's factories.

While it has not been definitely decided it is expected Mr. English will leave Dixon to take up his new position at St. Louis about the first of April, and it is probable that Walter Watkins, who has been in the company's employ for many years, will succeed Mr. English as head of the local plant.

The retiring superintendent has been with the Brown company for many years and has proven himself a power of efficiency and productivity. Before coming to Dixon as superintendent of the local factory he had many years' experience as head of the upper leather department of the company.

During his stay in Dixon he has proven a good booster for the city's welfare and has taken an active and beneficial interest in all matters pertaining to civic progress. He and his wife have also been prominent in the social affairs of the city, and the announcement that they are to leave Dixon will cause regret among a large circle of friends.

May Allow Counties to Build Monuments

Springfield, Ill., Feb. 13.—Any county having a population of less than 300,000 would be enabled by a bill introduced in the state senate by Senator John A. Stwood of Stillman Valley to vote on the proposition of erecting monuments to soldiers and sailors of the war just ended, and to issue bonds for defraying the expense of such undertakings. The measure went to the committee judiciary. An election might be initiated by a petition carrying names equal to one-twentieth of the total number of votes cast for county judge in any county at the last election.

UNDERWENT OPERATION.

Mrs. Lyman Booth, who underwent an operation yesterday at the Katherine Shaw Bethel hospital, is resting today as well as can be expected.

HEAVY SNOW STORM IS SWEEPING OVER MANY STATES TODAY

Bad Storm From Northwest Paralyzes Some States with Grip.

CHICAGO TO THE COAST

By Associated Press—Leased Wire
Chicago, Ill., Feb. 13.—Heavy snow and extreme high winds are demoralizing the telephone and telegraph lines between Chicago and the Pacific Coast today. Railroad traffic is much delayed, especially in points west of Omaha and Kansas City. The storm apparently originated in the far south as Oklahoma. Weather bureau officials in Chicago said, however, that they expected that the force of the storm would be spent by the time the low barometer area had reached the Ohio valley. The storm is heaviest in Nebraska, where business in many towns has come to a complete standstill. It is storming today in North and South Dakota, Colorado, Nebraska and Kansas.

HOGS DIE; SUPPOSED TO HAVE BEEN POISONED

Prepared Stock Food May Have Caused Death of C. Buzzard's Herd.

INVESTIGATION IS ON

Poisonous substances in a prepared stock food purchased by Clarence Buzzard of Palmyra township is believed to have caused the death of ten hogs to which he fed the mixture in their daily stock feed. When the herd of porkers, which Mr. Buzzard had purchased about three weeks ago to replace a herd of sixteen which had died from influenza, were taken sick he summoned a Dixon veterinarian, who gave the animals a careful examination and pronounced that they had been poisoned.

Samples of the prepared feed were sent to one state laboratory for analysis but that institution was so crowded with work it was unable to give prompt attention and before any determination could be reached the hogs died. The investigation of the food may be carried further by state officials.

Thunder Shower and Lightning in Night

A thunder storm, during which the lightning played brilliantly, visited Dixon and community between midnight and dawn, the storm awakening many of the residents. The rain, which started falling shortly before midnight continued steadily until the middle of the morning.

CHARGE HE STOLE A QUARTER MILLION-- MAN TRIES SUICIDE

Big Pittsburg Bank Closes Its Doors After Alleged Looting.

CROWDS AT THE DOOR

By Associated Press—Leased Wire
Pittsburg, Pa., Feb. 13.—With the arrest of J. F. Swartz, cashier, charged with embezzling \$250,000 of its funds, the Park Bank, one of the leading financial institutions of the city, was closed this morning. It is announced that D. G. Cameron, state bank examiner, has been appointed receiver. The bank's statement on Jan. 1 showed deposits of more than \$2,000,000.

Tried Suicide.

According to the police Swartz attempted to commit suicide just before the officers arrived at his home in a fashionable residence section of the city this morning. The officers were kept waiting several hours until he regained consciousness before the warrant charging defalcation was served. Swartz is reported to be in a serious condition at his home today under police guard.

President Chalfant said that there would be little loss to depositors, several hundred of whom had gathered at the bank doors at 10 o'clock this morning. Police reserves were called but up until noon the steadily increasing crowd showed no indications of disorder.

IGOE IN ATTACK ON THE ADMINISTRATION

Democratic Leader Charges Dilatory Tactics in Improvements.

ASKS INVESTIGATION

By Associated Press—Leased Wire
Springfield, Ill., Feb. 13.—An attack on what he called the "dilatory tactics" of the state administration in the matter of construction projects, was made in a resolution introduced in the House today by Minority Leader Igoe. The resolution asks that a House committee be appointed to determine if an unlawful combination exists between the dealers in cement and building materials, or if some other reasons are causing the unexpected delay in the construction of public improvements in the state of Illinois.

The Igoe resolution also requests state officials charged with the responsibility of making the improvements named in the resolutions to furnish the House with full information as to their plans.

The debate on the state construction program started when Senator Dunlap's joint resolution which has passed the Senate, asking the federal government to reduce freight rates on road building materials came up for house action. Representative Shurtliff spoke for the measure and Representative Igoe against it.

The House suspended the rules and adopted the resolution.

The Senate passed Senator Kesinger's bill providing that soldiers and sailors shall have preference in city, county and state civil service positions.

COURTS MARTIAL TOO SEVERE SAY DEPARTMENT MEN

By Associated Press
Washington, D. C., Feb. 13.—Broader authority for the war department to set aside or modify the decisions of military courts martial was urged today by Acting Judge Advocate Ansell, before the Senate military committee, telling of flagrant cases where excessive punishment had been ordered by courts martial and where the war department was helpless to interfere. He endorsed the bill introduced by Senator Chamberlain, of Oregon, providing broad powers of review for the war department.

Sentences of several non-commissioned officers of a Texas regular regiment who drew from three to eight years in the penitentiary for "shooting craps" in camps were cited by Gen. Ansell as instances. The accused men were convicted of mutiny for refusing to drill after having been placed under technical arrest on gambling charges, although they acted according to their rights under military regulations.

WAR RENEWAL IF GERMANS VIOLATE TRUCE--WILSON

Violation of the Armistice Terms Would Necessitate New War.

MUST BE SERIOUS ACT

No Secondary Considerations Must Admit Renewal Says President.

BULLETIN.

By Associated Press—Leased Wire
Paris, Feb. 13.—The United States, under the society of nations plan, as now amended, will maintain an army of not less than 500,000 men, which after authorization of such action by the United States Senate could be used wherever necessary, according to a Havas Agency report announced today. This provision has been agreed upon by the society of nations commission, the agency says, as a solution of a difficulty in the way of the plan arising from the American constitution.

Paris, Feb. 13.—(Havas Agency.)—President Wilson is understood to have declared in conversation that the resumption of hostilities has a grave eventuality to which he would agree only upon the most absolutely essential consideration and not for any secondary motive.

The report states that, in President Wilson's opinion, the non-execution of the terms of the armistice would be an incident of such nature as to justify the resumption of the war, and that the President stated he would not hesitate in that case to order the American army to take up arms again.

Plan Virtually Approved.

Paris, Feb. 13.—The plan for a league of nations, which may be considered virtually approved by all members of the special commission provides for a small body of representatives from the great and smaller nations to govern the society of nations, which will meet every two or three months at some place which has been internationalized. Each country will provide a list of international law experts from which body will be chosen arbitrators in case of disputes.

All plans for an international army and navy have been given up, it is said. Reliance for coercion recalcitrant nations will be largely placed on economic pressure.

Hopes for Final Division.

By Associated Press—Leased Wire
Paris, Feb. 13.—The commission of the society of nations resumed its sessions at 10:30 a. m. today with a full attendance of members to receive reports of the drafting committee. It is hoped that they will reach a final adjustment at today's sitting. If this hope is realized it may be possible to submit the plan to a plenary session of the peace conference on Friday.

The commission took a recess at 1 o'clock until 3 o'clock this afternoon. They had then gone over seven articles of the draft. The paragraph on an international military force, had not been reached, however.

British Want Full Indemnity.

By Associated Press—Leased Wire
London, Feb. 13.—The British delegates at the peace conference have been instructed to claim indemnities, including the cost of the war as well as damages actually caused by the Germans. It was announced in the house of commons today by Andrew Bonar Law, government leader in the commons, in reply to a question.

A commission is now considering the amount to be claimed, and the methods by which the indemnity will be guaranteed and the means of enforcing its payment, Mr. Law added.

Dixon People Smell Smoke of Big Fires?

Residents of Dixon last evening noticed the heavy smoke in the atmosphere, which was first reported by the people of Grand Detour yesterday afternoon, and which is believed to have come from forest fires somewhere in the vicinity. No reports of any such fires, however, have been received in Dixon or surrounding towns.

Washington, D. C., Feb. 13.—Provost Marshal General Crowder, Judge Advocate General of the Army, was nominated today by President Wilson to succeed himself for another term of four years.

German Army Nears Demobilization End

By Associated Press—Leased Wire
London, Eng., Feb. 13.—The demobilization of Germany's old army has been almost completed, according to authoritative information received here. After Saturday the German army will consist of 100,000 men on the east front and the 1918 and 1919 classes, numbering about 450,000 men, which will be kept as a standing army.

HUN HATE PLAINLY SHOWN

Press Utterances During the Spanish War Were Worthy of the German at His Best.

How the Germans regarded us in the period of the war with Spain is set forth by Andrew D. White, ex-ambassador to Germany, in his autobiography published by the Century company.

"On my settling down to the business of the embassy (1897-1903)," he writes, "it appeared that the changes in public sentiment since my former stay as minister, 18 years before, were great indeed. At that time German feeling was decidedly friendly to the United States. But all this was now changed. . . . During the Spanish war it was especially virulent, their newspapers being full of statements and arguments to show that corruption was the main characteristic of our government, cowardice of our army and navy, and hypocrisy of our people. . . . Various newspapers in Germany charged our government with a wonderful assortment of high crimes and misdemeanors; but, happily, in their eagerness to cover us with obloquy, they frequently refuted each other.

"Thus they one day charged us with having prepared long beforehand to crush Spain and to rob her of her West Indian possessions, and the next day they charged us with plunging into war suddenly, recklessly, utterly careless of consequences. One moment they insisted that American sailors belonged to a deteriorated race of mongrels and could never stand against pure-blooded Spanish sailors; and the next moment, that we were crushing the noble navy of Spain by brute force. Various presses indulged in malignant prophecies; the Americans would find Spain a very hard nut to crack; Spanish soldiers would drive the American mongrels into the sea; when Cervera got out his fleet the American fleet would sink away; American ships, built under a regime of corruption, would be found furnished with sham plating, sham guns and sham supplies of every sort. . . . Against President McKinley every sort of iniquity was charged. One day he was an idiot; another day the most cunning of intriguers; at one moment an overbearing tyrant anxious to rush into war; at another a coward fearing war."

Pencilmaking in Madras.

The government of Madras has decided that the experiments which have been made by the department of industries for the last three years in the manufacture of pencils have reached a stage at which the industry should be made over to a private enterprise, says an exchange. Arrangements for the sale of the pencils produced by the factory were completed in August, 1917, and the profit and loss statement prepared by the auditors for the period from September 1, 1917, to March 3, 1918, shows that in these seven months the factory made a profit of \$1,994, which represents a return of a little over 20 per cent on an assumed capital of \$10,220. During the same period the factory produced 7,539 gross of pencils and sold \$2,209 gross. The factory has deliberately been run on as small a scale as was consistent with the purpose in view—namely, the demonstration on commercial lines of the prospect of the industry. The factory produces black lead pencils lacquered in various colors, copying pencils, carpenter pencils and diary pencils. Experiments with red and blue pencils are under way.

Must Always Have Horses.

A limousine is all very well for a fleeing kaiser. But for a triumphant entry, a journey over strewn roses, through acclamations, the monarch selects a horse. King Albert and his queen returned to their people in the ancient knightly manner. Many statesmen are less becoming to a horse, and it is perhaps fortunate that the president's limousine escaped damage on the Orduña, but it is certain that a highbred steed rises to an occasion of magnificence better than a motorcar. "A drift of crimson petals covered the mudguards, lilies became tangled in the nonskid chains, and the exultant crack of a blowout mingled with the people's cheers." This will never do. Come what may, we must always keep a few horses to head parades.

Collecting War Library.

The university at Bologna, Italy, has well under way a war library for the collection of which it has gone far afield. It has sought original documents from all the belligerent nations, has collected an immense number of documents from war correspondents and from accredited correspondents in all the countries affected by the war. Its latest gift from Great Britain is an anti-British book printed by German agents in San Francisco in the Hindustani language and intended for circulation in India, where German propaganda was rife during the period. The University of Bologna is attempting to make such a collection of books and documents as will furnish an historian material for an impartial record on which to base judgment of the war motives and events.

WIPED FROM EARTH

Only Dust Remains of Proud City of Babylon.

Belshazzar's Glorious Capital Now Visited Only by the Archeologist in Search of Mementoes of a Long-Past Age.

The city of Babylon of today is represented by nothing more than mounds of debris, in which archeologists dig for burnt-clay books and other treasures. There is no stone whatever in that region, where the land is a mere alluvial deposit, and all the great structures of Babylon, erected by the labor of myriads of slaves taken in war, were of sun-dried brick faced with burned brick.

Babylon, a long time ago was captured by the army of Cyrus. The town was "wiped" and the population used to stage some high old times. It was provisioned for 20 years, and was by far the most fortifiably fortified city of antiquity, being surrounded by a wall 55 miles long, 350 feet high and 87 feet thick. Half a dozen four-horse chariots could be driven abreast along the top of the wall for the entire circuit of the metropolis, whose inhabitants numbered 2,000,000.

On a certain memorable night the whole city went on a spree. The guards deserted their posts and in the great palace of King Belshazzar a drunken orgy reigned.

The banks of the Euphrates where it ran directly through the city were defended by walls corresponding in height and thickness to that which encircled Babylon. They were pierced at suitable intervals (where streets ran parallel across the town) for ferry ferries, which were massive affairs of bronze. The river bottom, within the city limits, was paved with brick. For if desired, as had happened when huge quays were built, the Euphrates could be turned out of its course, its waters being diverted into an artificial reservoir 100 miles in circumference outside the walls. This engineering expedient, in fact, had made it practicable to pave the bottom.

On the night of the most famous jumblee in history, Cyrus, being helped by spies within the walls, turned the Euphrates out of its course and marched his army over the dry river bed into the city, entering through one or more river gates which had been left open. The royal palace, a vast structure on the west bank, was captured; Belshazzar, sword in hand, was slain, and the city belonged to Cyrus.

He did not destroy it, but, ceasing to be a center of dominion, it shrank. A large part of the population migrated, deserting Babylon, whose huge walls and gigantic buildings (including the tower of Babel and the famous hanging gardens, built by Nebuchadnezzar for the enjoyment of his wife Amytis) soon fell to pieces.

When at Work Keep Busy.

Sometimes an abundance of time spoils a man for the best work.

It has been noted that most men do their best under pressure. Too often men are spoiled by not being kept busy during office hours. It may be there are some who can stand to be busy by spurts. But the average man begins to loaf when occasion offers and can't "get the gait" when the rush comes. Besides, there is danger of developing habits of procrastination when the job is indifferent as to time. As a matter of fact most men allow a job to lie until they have just time enough to produce it any way. So the wise man will keep himself busy. He will see to it that he develops the habit of getting down to business as soon as he reaches his office. He can then afford to leave his business at the office where it belongs and enjoy himself at home and get ready for the next day.

The Lady of the Lamp.

The memory of Florence Nightingale, the world's first woman war nurse, is honored in the design of the insignia of the American Army Nurses' School, just established this year. Florence Nightingale, in the Crimean war, was known as "the Lady of the Lamp," and the new insignia has a lamp superimposed on the caduceus of the medical corps. This, the first military school for nurses ever established, has 1,000 students already enrolled, and 5,000 others have been accepted for the three-year course. Each student will wear the uniform and insignia of the school.

What difference, if any, the signing of the armistice and the end of the war may have upon the hospital training plans has not been announced. It is supposed that the work will continue.

Divorce Case Comes Sudden Termination

The divorce and injunction proceedings brought against Carey Fisher by his wife, Mabel Fisher, evidence in which occupied the attention of the circuit court all day yesterday and until an early hour this afternoon, came to a sudden termination when Judge Farrand at 1:30 o'clock dismissed the suit on motion of the defendant's attorneys, who pleaded that Mrs. Fisher is not a resident of Lee county. The case had attracted a great deal of attention and forty witnesses remained to be examined when the suit was dismissed.

Alice was busy explaining something to her mother and was being constantly annoyed by a little girl friend who was trying to talk at the same time. Her patience finally giving way, she turned to the little girl and remarked: "Say, can't you tell when you're not noticed?"

Ingrowing Toenail.

The best way to treat an ingrowing toenail is to cut a little "V" in the end of the nail. The sides of the nail may then be pried up and kept from digging into the flesh by a little wad of absorbent cotton. This will soon correct the ingrowing tendency.

Derivation of "Alcohol."

Alcohol is of Arabic origin, being derived from the particle "al" and the word "kohl," which was a name given to an impalpable powder used in the East for painting the eyebrows. For many centuries the word was used to designate any fine powder. Both Paracelsus and Libavius used it in that respect in their writings.

MILLIONS OF ALIENS IN AMERICA A PERIL

Americans Are Urged to Force Aliens Into the Citizenship Fold.

TEN MILLIONS OF THEM

Washington, D. C., Feb. 12.—Presence in the United States of nearly 10,500,000 unassimilated aliens endangers American institutions, in the opinion of Raymond F. C. 'st, deputy commissioner of naturalization, who asserted today that no other country in the world would permit such a condition to exist. As a remedy he urges every American citizen to aid in a general campaign of Americanization of aliens.

"There are now 17,500,000 aliens in this country," he said, "yet barely 6,000,000 have become citizens. Such a tremendous unassimilated mass means danger."

Many Outside the Fold.

"It is our duty and our necessity to convert this multitude into loyal American citizens. The task is tremendous; for every ten American citizens, approximately, there is one to be brought into the fold."

"Some of these immigrants have been here for years, yet they have not become citizens. By gathering in their own quarters in large industrial centers they furnish a fertile ground for all sorts of propaganda opposed to American industrial, political and economic institutions."

Example of Germans.

"The war revealed that there were far too many German aliens who felt only hatred for the country. It is time now to act to prevent any recurrence of this experience."

"It is the duty of American citizens who love America to seek out his friends and acquaintances of foreign birth and to prevail upon them, if they wish to remain here, to become citizens."

May Chase 6,000.

Anthony Caminetti, commissioner general of immigration, said tonight that reports of prospective wholesale deportations of aliens were "unjustified."

It is estimated that about 6,000 aliens are to be deported, the great majority because they are insane or otherwise public charges," Mr. Caminetti said. "Most of the remainder are diseased or have been found guilty of offenses subjecting them to deportation. A few, comparatively, are agitators who are opposed to our form of government or all organized government."

"None of the aliens recently taken from Seattle to Ellis island for deportation has any connection with the strikes at Seattle or elsewhere in the west."

"Deportees now in custody have been rounded up over a considerable period of time, but could not be deported before because of the shortage of shipping facilities."

"All reports that trains are being mobilized to deport anarchists or others are exaggerated."

Become Slender

A Simple, Guaranteed Method

If you would like to lose, weekly, from one to five pounds of hard-earned fat while eating and drinking all you need, also enjoying life far better than at present, just follow this advice:

Take seven deep breaths of fresh air each morning and evening; after each meal take a little oil of korein; eat all you need, but chew thoroughly, and follow other simple directions of the guaranteed Korein system.

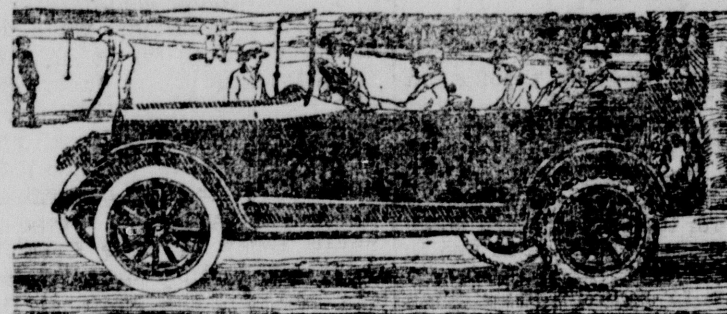

Men and women who were waddling around with heavy, sluggish bodies have, in many cases, reported a gradual, agreeable reduction of thirty to eighty pounds, with wonderful benefit to health and figure. This very season is the time to become slender, attractive, vivacious and healthier, very easily. Get oil of korein at the druggist's; it comes in capsules, convenient to use and is now sold at before-war low price. Weigh and measure yourself week to week. You can scarcely realize the joy that awaits you in normal symmetrical figure, with good health and longer life. Show others this advertisement.

BUY NOW--THIS WINTER

Make sure that every foot of your corn fields will be working for you this year. Every kernel planted exactly the same depth—every hill in perfect check—an even stand—no missing hills—no "bare spots" in your fields. Such conditions will mean more corn for you, better corn, more money.

Don't depend on an old, worn out planter or a complicated new one, full of fads and fan-dangles. They are time killers and money losers. Buy a Hayes Four-Wheel "Champion of Mighty Yields" now—this winter—and be prepared.

HAYES Four-Wheel PLANTER

"Plants Like Human Hands"

This famous planter absolutely prevents the seven causes of costly "bare spots." These are:

1. Seed planted too deep.
2. Seed planted too shallow.
3. Seed left uncovered.
4. Seed killed in the hopper.
5. Hills missed by the drop.
6. Hills washed out.
7. Hills destroyed in cultivation.

Think! Only one "bare spot" in every 20 hills planted means that one acre out of 20 will be a total loss!

The Hayes is the only planter that overcomes all these seven causes of "bare spots." Over 200,000 American farmers gladly credit their mighty yields and profits to the Hayes Four-Wheel.

Only Limited Number

We have been allotted only a limited number of these famous planters. Early buyers will get them. After this big sales period—Feb. 15th to March 1st—we cannot tell whether we will have them or not.

Better plan to protect yourself and your corn crop by buying now. Remember, the Hayes Four-Wheel is the best corn crop insurance you can buy, as thirty-two years of success have proved. Come to our store and see the famous implement.

Brierton and son, Mr. and Mrs. Amos Eberly, and Mr. and Mrs. Oscar Missman. The Sylvestor Brierton family were unable to be present because of illness in the family. The dinner was a scramble affair and was very enjoyable. After the dinner Mrs. Richard Brierton delighted the company with a number of piano and vocal selections.

W. C. T. U. IN CHICAGO.
Yesterday and today a meeting of representatives of the Woman's Christian Temperance Union from ten states is being held in the LaSalle Hotel, Chicago. Today a luncheon was given in the ball room of the LaSalle, with addresses by the state presidents, including Miss Helen Wood, president of the Illinois W. C. T. U. Miss Anna Gordon, national president gave the principal address. Mrs. Katherine Lent Stevenson, of Boston, state president of Massachusetts, was also among the speakers.

ALBRECHT-REITZ.
Ashton Gazette: The marriage of Miss Emma Reitz, daughter of Mr. and Mrs. Henry Reitz and Mr. Geo. H. Albrecht, son of Mr. and Mrs. B. Albrecht, was solemnized at the Lutheran parsonage yesterday morning at 10:30 o'clock, the wedding service being read by the pastor, Rev. Henry Foelsch.

The wedding was a very quiet affair, and following the ceremony the bridal couple left for a short visit with relatives and friends at Dysart, Iowa. Upon their return home they will make their future home on the groom's farm one-half mile south of the Bradford church.

G. A. R. CIRCLE SEWING.
Mrs. W. E. White will entertain the members of the G. A. R. Circle with an afternoon tea at her home tomorrow afternoon. The ladies will sew during the afternoon.

ROYAL NEIGHBOR MEETING.
A regular meeting of the Royal Neighbors will be held at 8 o'clock this evening at Miller hall. All officers and members are urged to be present.

Mrs. L. E. Edwards is again able to meet with the choir of the Methodist church and announces 4:15 p. m., Friday as the hour of the Junior Choir rehearsal and 7:30 that evening as the Senior Choir rehearsal hour.

FOR ELEVENTH BIRTHDAY.
Meredith Vest was the host of a number of the boy friends who gathered at his home Tuesday to honor his eleventh birthday. The affair was arranged as a surprise. Music and games were enjoyed and refreshments served. The dining room was decorated by Meredith's mother with a profusion of red hearts. Red shaded candles and a large birthday cake with eleven candles graced the table. The evening was a very happy one for all present.

FAREWELL PARTY.
Monday evening a party of friends very pleasantly surprised August Johnson and family, of Nelson, who are soon to move to their new home near Walton, with a farewell party. At about 8 o'clock the party assembled at the Johnson home. The evening was spent in various delightful ways. Music, both vocal and instrumental, and games of all kinds were enjoyed. At a late hour refreshments were served. Those present included: Mr. and Mrs. Aaron Fluck, Mr. and Mrs. Carl Janssen, John Emmitt, Mrs. Florence Hollenbeck, Helene Oltmanns, Ruth Emmitt, Freya Black, Harriet Scofield, Bernice Murray, Catherine Reed and Mable Hoover, and Messrs. Edward Hollenbeck, John Nelson, Lyle Seibold, Miller Reed, Donald Black, Earl Fluck and Leslie Scofield.

KINGDOM-BEND AID.
A pleasant all-day meeting of the Kingdom-Bend Aid society was held Wednesday at the home of Mrs. Joseph Atkinson, who furnished the sewing for the day. Twenty-five were present and at noon enjoyed an unusually good scramble luncheon. Plans were made at the afternoon business session for a food sale to be held on Saturday, Feb. 22nd. The house was very prettily decorated in St. Valentine motifs.

AT CARDS.
Mrs. Willard Thompson entertained a few friends at cards this afternoon.

TO LOS ANGELES.
Mr. and Mrs. W. B. Brinton left last evening for Los Angeles, Cal.

GIVE PROGRAM IN CHADWICK.
Mrs. Wm. Schreiner, of Chadwick, entertained today the Woman's Club of that city. The Misses Ada Brink, Ora Floto, Mary Hintz and Marcia McWethy, all of Dixon, furnished the musical program for the afternoon.

This evening Mrs. Schreiner will give a dinner in honor of the Dixon young ladies.

WITH BROTHER.
Miss Harriett Bowles will return to Gary, Ind., to make her home with her brother, Barclay Bowles, for the rest of the winter.

IDEAL CLUB MET.
Mrs. Blake Grover entertained very delightfully on Wednesday afternoon the members of the Ideal Club. Roll call was responded to by the relating of current happenings. A beautiful piano selection, Serenada, by Pierre, given by Mrs. Grover, was accorded a great deal of applause and demands for an encore, to which Mrs. Grover responded with the playing of national airs. A very interesting paper was given by Mrs. L. W. Miller, entitled, "A Peep into the Future of Our Daughters," which laid stress on the training of girls in the practical every day tasks which they will encounter in later life. Two very interesting letters were read from absent club members, Mrs. Lloyd Lewis, of Houston, Texas, and Mrs. Rodney Ayres, of Heyworth, Ill. St. Valentine's Day suggested the decorations and red and white carnations were the flowers used. A collation of tempting goodies was served. The next meeting will be held in two weeks with Mrs. H. L. Quick.

ENTERTAINED CLUB.
The North Side Knitting club members, ten in number, were given a Valentine party at the home of Mrs. Clinton Rhodes on Wednesday afternoon. Mrs. Rhodes had decorated the rooms, opened to the guests, very prettily with Valentines. The paper of the afternoon was a sketch of some of the great men of our country whose birthdays fell in the month of February. The afternoon was a delightful one and came to a reluctant close after the serving of most delicious refreshments by the hostess.

BIRTH ANNOUNCED.
Mr. and Mrs. Irving Heerman (Margaret O'Donnell) announce the birth of a baby girl at their home near Steward.

REBEKAH MEETING.
The regular meeting of Minnie Bell Rebekah lodge will be held tomorrow evening at I. O. O. F. hall. Candidates will be initiated. Members are urged to attend in large numbers.

BLANCHE ORTON MONOPOLIZES NEIL.
CHAPTER XVI.
Often when I saw older married people so indifferent I would think how perfectly awful, how tragic it was—tragic that they accepted each other simply as a matter of course, as they did their oatmeal or their coffee. Perhaps young married people were rather imbecile about many things, but wasn't it better than being cold and indifferent? Across the intimate commonplaces of married life ran the flashes of sympathy, the wonderful love that rose above all, that surmounted all else. When that was worn to indifference, where was the joy of living?
Yet, to tell the truth, I wasn't much given to analysis. One isn't, often, at twenty-four, especially if one is as normally healthy and alive as was I. We kept busy, too, Neil and I, or some of my friends and I, although the novelty of New York had worn off to a degree, and I often wondered how people who had been living this theater-restaurant sort of life for years, could keep up their perpetual vivacity and never-flagging interest in the same puerile amusements. At first I was widely enthusiastic whenever Neil spoke of going to the play, or to some smart restaurant for dinner, or on occasion to some "Bohemian joint," as he called the sort of places frequented by girls with bobbed hair, and men with flowing neckties and frayed cuffs. But now I was a bit satiated with these evenings of noise, forced gaiety and alcohol-inspired witticisms. Yet Neil seemed never to tire of the gay

sulting to the man. I don't expect Neil to be tied to my apron strings simply because I am his wife." Yet, as I spoke, I felt a return of the resentment I had felt the night before when he had so nonchalantly left me. "Better tied to your apron than to that of some other woman. You know, Blanche considered him her especial property until he married you."
"He's mine now," I said with a little laugh that sounded forced. I knew Neil had known Blanche Orton for a long time, and that he liked her. I wondered if Lorraine knew it also, and if she thought Neil still was in rapport with the lively Blanche.
"See that you keep him. I don't envy you your job."
On my way home I kept thinking of that parting speech of Lorraine's. What did she mean? She had said she did not "envy me my job," and her voice had conveyed even more plainly than had her words, that she thought it might be a hard job. The idea! That was all she knew about it. She was judging Neil by some of the married people she knew who had become indifferent to each other.
Tomorrow—Neil Takes Blanche Orton's Advice to Exercise.
WAR MOTHERS' DINNER.
All the soldier and sailor boys in town are smacking their lips over the thoughts of the good dinner to be served them by the War Mothers' Council on Saturday at the Elks' club. To be sure, the public is invited, but the boys of the service "have one" over the rest, as they will get their dinner free, while the others will have to pay. But such a dinner—country prepared chicken pies, baked beans, scalloped corn, fruit pies, etc.—who wouldn't go miles to get such a dinner. The hours are from 11 a. m. to 2 p. m., with ample time to serve everyone who comes.
ST. PAUL'S CHOR.
St. Paul's Choir will hold its rehearsal Friday evening at 7:30 o'clock at the church.

For \$1—This Week Only

To Women Who Failed to Get It

We have supplied our famous Cookers to more than a million homes. But we want every home using Quaker Oats or Mother's Oats to have one. So we repeat for one week only this attractive Dollar Offer.

Now a Very Costly Offer

This to us, at present aluminum prices, is a very costly offer. Yet we have those Cookers made to our order in enormous lots.

Such an Aluminum Cooker, extra large and heavy, would probably cost at retail more than you care to pay. But you need it to cook cereals rightly. So we want you to have it—for your sake and our sake—if you are cooking our cereals without it.

If you have this Cooker, our offer is not open. We cannot supply more than one to a family. But, if you failed to get one, get it now. This offer is made for one week only. It cannot be repeated unless Aluminum comes down.

Double Cooker
Pure Aluminum

Extra Large and Heavy
Cereal Capacity 2 1/4 Qts.

A Lifetime Utensil

Keep the Rich Flavor Intact

Quaker Oats and Mother's Oats are made from queen grains only—just the rich, plump, flavory oats. We get but ten pounds from a bushel.

This is done to secure a superlative flavor. Little grains, puny and insipid, lessen oat-food delights.

Now we ask you to cook these luscious oat flakes so that flavor keeps intact. Cook them so they easily digest. This Cooker will help you to do that, as it does a million others.

It is yours for \$1 if you send this week. And if you send the sales slip asked for, to show that you are using this delicious grade of oats. You will save enough to buy a great deal of cereal by accepting this dollar offer.

Your Last Chance to Get It

Buy from your grocer five packages of either Quaker Oats or Mother's Oats. Or buy four packages of the oats, and one of either Quaker Best Corn Meal or Quaker Hominy. Send us the grocer's sales slip with \$1 and we will mail the Aluminum Cooker by parcel post. Sales slips must be mailed within one week.

COMBINE THE SCHOOL DISTRICTS.

A committee of Dixon men, members of the school boards from both sides of the river and a committee from the Chamber of Commerce, have decided, after careful investigation and consideration, that the time has come for Dixon to combine her two school districts. The proposition will be put up to the voters of Dixon in the near future.

The Evening Telegraph has advocated such a combination of the school districts for several years, and recommends the proposition to the voters without reserve. It would be a long stride in the right direction.

We presume there will be opposition to the consolidation, not because we can see any reason for such opposition, but because there has always been opposition in the past. A campaign of education explaining the value of consolidation should do much to wipe out this opposition.

There is no more reason why there should be two school districts, with their two separate and distinct administrations, than that there should be three or four. One board of directors and one superintendent of schools can certainly administer school affairs over the whole of a city the size of Dixon. Cities with millions of inhabitants have but one school board and one school superintendent. The tax-payers of Dixon can save money and still have a more efficient school system by effecting the consolidation.

A uniform set of school books all over the city and a uniform course of study would be another gain of no small importance. Under the present system if a family moves from one side of the river to the other the children's course of study and text books may differ as greatly as though they moved to another city.

Under the present law a portion of the south side of the river is in the North Dixon school district and children living east of Galena avenue and near the river must either go to the north side schools or pay tuition on the south side.

There are many advantages to be gained by the consolidation of the two school districts which would develop in time to come, and one big improvement that is advisable is the erection of a big and modern high school at some central point in the city, although that would not necessarily come with the consolidation of the districts. With the growth of the city the school quarters are constantly growing more cramped for room, which will necessitate more school buildings. One central high school can be operated with greater value to the students and at less cost to the tax-payers than our present two high schools can be operated.

NO ROOM FOR BOLSHEVISM.

Ole Hansen, mayor of Seattle, is a loyal American. Staunch friend of organized labor, he is a bitter foe of the I. W. W., bolshevik and other anarchists of the labor world. In the great Seattle strike he has fought anarchy without the aid of federal troops, saying that if soldiers became necessary it would be after he and Seattle's 1500 special policemen were vanquished, and some one else sent for them.

During the struggle he has told the workmen that union labor is on trial—that they were either American Federation loyalists or bolshevik traitors; that the I. W. W. and bolsheviks had instigated the strike and loyal union men must call it off. He said:

"This is a test of unionism or I. W. W.ism. If any one owes higher allegiance to any organization than he does to this country he is a traitor and should be treated as such. Ninety percent of Seattle stands firm for Americanism. The other 10 percent will be driven from this community."

The stage is set at Butte for an even greater display of anarchy and bolshevism unless the authorities take a firm stand and put an end to the machinations of the red element that proposes to intimidate and rule the community.

The labor unions should realize the menace of bolshevism in their ranks. Americans generally uphold organized labor and sympathize with its efforts for social and industrial betterment, but Americans have absolutely no sympathy for bolshevism and will not stand for it. The I. W. W. has hoisted the red flag of anarchy and union labor must clear itself of these influences if it hopes to retain the good will and good wishes of the American public.

It is reported that the Russian government at Omsk has accepted an offer from Japan of men, money and arms to fight bolshevism. This step is taken, it is said, because the Russians fear the allies will withdraw their forces, and also that the conference at Prince's Islands will result in recognition of the bolshevik. The government at Omsk is headed by Admiral Kolchak and has carried on an active campaign against the reds. It is certainly due the loyal Russians that the allies at least come to a decision, so that those who are fighting bolshevism in Russia may know what to expect. Either we should get our small force out of their present dangerous position or send a force to Russia large enough to handle the situation safely and promptly.

Corn Closed Higher on Board of Trade

By Associated Press Leased Wire
Chicago, Ill., Feb. 13.—Corn closed from five to eight cents higher today. Transactions were on a large scale. Uneasiness over the diplomatic situation, together with unfavorable domestic crop conditions, had much to do with the increase.

Hot Debate Over U. S.-Russ Policy

By Associated Press Leased Wire
Washington, D. C., Feb. 13.—The American policy with Russia was the subject for another hot debate in the Senate today. Senator Johnson, of California, again failed to obtain a vote on his resolution which would record the Senate as in favor of immediate withdrawal of American troops from Russia.

Senator Johnson referred to the address of Lloyd George of yesterday discussing the American government's refusal to agree to the sending of more soldiers to Russia, and he remarked, "We have finally learned from the Premier of Great Britain the American policy in Russia. I am delighted that even in this manner the President has made plain what the United States intends to do."

Bill for Home Rule is Offered

By Associated Press Leased Wire
Springfield, Ill., Feb. 13.—A bill to amend the public utilities act was introduced in the House today by Representative Lyon and prohibits the state utilities commission from revising or altering in any manner a contract between a municipality and a public utilities corporation. The measure which carries an emergency clause was sent to the committee on public utilities. Its effect is to give cities home rule.

HARPISTS CONCERT PLEASSED.

Between three and four hundred people attended the concert given last evening at St. Paul's Lutheran church by Signor Alberto Salvi, harpist, and were more than delighted with the program of music he furnished. A wonderful musician, he brought forth such delicate tones from his beautiful golden instrument, a gift from San Francisco people, that one could easily imagine that heavenly harps had produced the strains. Signor Salvi is very young to be a harp virtuoso, but twenty-five years in age, and is a pronounced blond, usually considered a rare complexion gift to one of his nationality, Italian. He responded with two popular encores to delighted applause, "Mighty Lak a Rose" and "Mother Machree." The last number on the program, one of his own composition, Scherzo, E flat minor, received especially delighted comment. The following arrangement of numbers was followed: Star Spangled Banner.

Part One.
Allegro from Concerto in C Minor... Zabel
Melody in G flat Major... Salvi
Tarantella... Aptomas
(a) Chaconne... Rossi
(b) Au Printemps... Grieg-Salvi
(c) Serenade... Salvi
Fantasia... Parish-Alvares
Intermission.
Part Two.

NEW OFFENSIVE BY BOLSHEVIKI IN ARCTIC ZONE

By Associated Press Leased Wire
Archangel, Tuesday, Feb. 11.—Bolshevik forces have resumed the offensive in the region of Sredmak-ranga. For a brief time last night the bolsheviks occupied several allied hotels after penetrating the town, but they were driven out by a British and Russian counter attack. The fighting continued today. Patrol activity continues in the Kadish sector, but the American, British, and Russian troops maintain the gains made in the offensive last week. On the Pinega sector, east-southeast of Archangel, Russian forces drove back the bolsheviks yesterday.

"The French foreign legion," which is composed of Russian volunteer troops trained at Archangel by French officers, is fighting on the Kadish front.

Medals Here for Boys' Working Reserve

County Supt. Miller has received the bronze bars which the government is awarding to boys of the Working Reserve who worked twelve weeks or more on the farms last summer or fall, and they are being mailed out from Mr. Miller's office as rapidly as possible. The government has requested that boys who receive either the medals or bars wear them conspicuously.

First Death Penalty in Bureau County

The first death sentence ever imposed by a jury in the Bureau county circuit court was returned with a verdict of guilty in the trial of Prudence Laures at Princeton this week. The convicted man is a Dupue Spaniard who shot and killed Celestino Blanco, another Spaniard, Christmas morning. The attorneys for the defendant will make a motion for a new trial on the claim that the verdict is excessive.

Editor Dean, of Ashton, was in Dixon today.

TO WHOM THIS MIGHT CONCERN:

We happen to know all the particulars in regard to just who, when and how the party unintentionally took a bottle of Garden Glo perfume from our counter yesterday. If the party wishes to return this item or pay for it, we will drop the matter there, but if not, we are going to go to as much trouble to put this party in the lime-light and see that they get their just dues as we would if this item was a \$10.00 bill. Do not think this belongs to the Rubber Stamp class. You know who you are and so do we, and we are willing to spend the money for this notice just for your own benefit, so think it over.

CATHOLIC BISHOPS IN REPORT ON CONDITIONS OF LABOR IN NATION

(Continued from page 1.)

Administrative Committee they represent the Catholic hierarchy of America in general direction of war work in this country and overseas.

Declaring that "the deep unrest so emphatically and widely voiced throughout the world is a most serious menace," the bishops held up "social justice and a contented people" as the only safeguard of peace.

The authors of the report disclaimed any attempt to formulate a comprehensive scheme of reconstruction. Their recommendations, it was stated, were confined to "reforms that seemed to be desirable and also obtainable within a reasonable time, and to those general principles which should serve as a guide for more distant developments."

Discussing the demobilization of the military forces, the report endorsed the suggestion of Secretary of the Interior Lane that discharged men should be given an opportunity to work at good wages in reclaiming unused lands, afterward to be assisted by government loans to establish themselves as farmers. It credited the Federal Employment Service with "a fair degree of development and efficiency during the war," and urged that Congress continue and strengthen the organization as a means of helping to solve the ever present problem of unemployment.

The bishops rated the National War Labor Board as "one of the most beneficial government organizations of the war." Its efforts, they asserted, had "prevented innumerable strikes and raised wages to decent levels in many industries."

Family Living Wage.

"Its main guiding principle," the report continued, "have been a family living wage for all male adult laborers; recognition of the right of labor to organize, and to deal with employers through its chosen representatives; and no coercion of non-union laborers by members of the union. The War Labor Board ought to be continued in existence by Congress, and endowed with all the power for effective action that it can possess under the Federal Constitution. The principles, methods, machinery and results of this institution constitute a definite and far-reaching gain for social justice. No part of this advantage should be lost or given up in time of peace."

While holding that "mere justice, to say nothing of chivalry," dictates that women who filled in industry the places made vacant by men called to war "should not be compelled

to suffer any greater loss or inconvenience than is absolutely necessary" in the re-adjustment under peace conditions, the report declared that no female worker should remain in an occupation harmful to health or morals. In this classification, street car operation and the cleaning of locomotives were especially mentioned. An efficient national employment service, it was stated, would be able to shift to domestic and other suitable lines of activity women workers whose circumstances required them to continue as wage earners.

The committee asserted that in a few industries directly connected with the carrying on of the war, wages had reached a plane "upon which they could not possibly continue for this grade of occupation," but declared that "the general level of wages attained during the war should not be lowered." The average rate of pay, it was stated, had not increased faster than the cost of living, and a considerable majority of wage earners, both men and women, were not receiving living wages when prices began to rise in 1915.

To support its contention that "on the grounds both of justice and sound economics we should give our hearty support to all legitimate efforts made by labor to resist general wage reductions, even when the cost of living recedes from its present high level," the committee said:

"Even if the great majority of workers were now in receipt of more than living wages, there are no good reasons why rates of pay should be lowered. After all, a living wage is not necessarily the full measure of justice. All the Catholic authorities on the subject explicitly declare that this is only the minimum of justice. In a country as rich as ours, there are very few cases in which it is possible to prove that the worker would be getting more than that to which he has a right if he were paid something in excess of this ethical minimum. Why then, should we assume this is the normal share of almost the whole laboring population? Since our industrial resources and instrumentalities are sufficient to provide more than a living wage for a very large proportion of the workers, why should we acquiesce in a theory which denies them this measure of the comforts of life? Such a policy is not only of very questionable morality, but is unsound economically. The large demand for goods which is created and maintained by high rates of wages and high purchasing power by the masses is the surest guarantee of a continuous and general operation of industrial establishments. It is the most effective instrument of prosperity for labor and capital alike."

Austrian Soldiers Demobilize Quietly

Munich, Feb. 13.—(Correspondence of the Associated Press.)—The returning and demobilizing armies here, in great part, come quietly home, put down their arms and disband without trouble. A small percentage of the unruly element, such as composed the Liebknecht-Spartan anarchist group, however, has made as much trouble as possible, and has shown special fondness for crooked horse deals.

The Peasants' Council of Munich makes public a report to show that hundreds of returning soldiers have been permitted to keep a horse as a souvenir. The permission naturally does not come from the military authorities but from underlings, and the soldiers have then put the animals thus secured on the market at ridiculous prices.

One regiment that should have had 800 horses returned with but 80, the rest having been sold, in many cases it is feared, for slaughter—an easy way of concealing all trades. The city authorities recently confiscated 97 animals that had been sold in this underhand way for slaughter. The Peasants' Council has organized a guard of 40 men to help put down the evil.

CORRECTING HAIR FAULTS

◆◆◆◆◆

—OTHER AIDS TO BEAUTY—

◆◆◆◆◆

By Madame Marce

Dandruff, itchy scalp, thin, scraggly and falling hair are easily overcome if you will give the hair the proper attention and the proper means are employed. The first step in correcting hair faults is to have a perfectly clean scalp, free from all grease, dirt and excess of oil; then the liberal application of a good tonic every night for a few weeks will produce results that will be astonishing. To free the scalp of excess oil, dandruff and dirt, there is nothing that equals a teaspoonful of eggol dissolved in a cup of hot water and used as a shampoo wash. For twenty-five cents you get enough eggol for over a dozen shampoos. This should be used every two weeks.

No better hair tonic can be made than the simple mixture of half a pint of bay rum, half a pint water and one ounce of beta-quinol, which costs fifty cents at the drug store; this should be massaged into the scalp nightly. A few weeks of this treatment and all hair troubles should vanish.

Blackheads should never be pinched out; this only makes large pores and does not get rid of the blackheads. The only safe and sure way is to dissolve them. Just get about two ounces of norexin from your druggist for fifty cents, sprinkle a little on a hot, wet sponge or cloth; rub briskly over the blackheads and in a few minutes you will find that the blackheads have been dissolved away entirely and the skin left without any mark whatever.

Women who have rough, red hands and arms will be surprised to see how exquisite the skin will become after a few applications of a cream lotion made by dissolving one ounce of zintone in a pint of hot water, adding a tablespoonful of glycerine. Get the zintone for fifty cents from your druggist.

Evidence Shows Press Was Being Bought Off

By Associated Press

Vienna, Feb. 13.—A glimpse into the moral condition of the Austrian press during the war is contained in a revelation in the Arbeiter Zeitung, the Socialist paper, which prints the secret contract between the former Austrian Premier, Dr. von Seydler, and the pan-German deputy, Hummer, regarding the foundation of an organization to be known as the "Press Correspondence."

This institution was financed by Dr. von Seydler with an annual outlay equivalent to \$150,000 and \$7,200 to Hummer as salary. Hummer was also made a Privy Councillor and put in the House of Lords. His duty was to furnish, free, telephone and telegraph articles, matrices and newspaper propaganda, to the Austrian press and it was in general gladly accepted.

Officers Find Sport Hunting Wild Boars

By Associated Press

Remagen, Germany, Feb. 13.—Wild boar hunting has become a popular sport among officers of the American Army of Occupation in the hills along the Rhine in the region of Remagen. Several hunting parties have been held and several boars were bagged by each party. A number of hunting preserves are owned by wealthy Germans in the vicinity of Remagen and it was within these reservations that the hunts have been taken place by permission of the owners. The ordinary army rifle was used by the Americans in the wild boar drives.

Aurora Girl Drowns Self After Quarrel

Aurora, Ill., Feb. 13.—The body of Miss Olive Nelson, 19 years old, who disappeared on Jan. 13 after a quarrel with her sweetheart, Charles Binder, 21, of Naperville, was found in the river here today almost in front of the home of her parents, Mr. and Mrs. Anton Nelson, one mile south of Aurora. The police believe she ended her own life, but will question Binder.

Miss Nelson, on the night of her disappearance, accused Binder of going with other girls. "Good-bye, maybe you will see me again and maybe not," she told him.

Park to Commemorate This Town's Soldiers

By Associated Press

Washington, D. C., Feb. 13.—A park planted with trees in the heart of the town is being planted by Clinton, Mass., to keep fresh the memory of that town's sons who paid the supreme sacrifice in the war, says a report to the American Forestry association.

Your Hoosier awaits you. Come and see it at once. Don't waste time and strength another day. It isn't necessary. There's a Hoosier for every purse.

SOLDIERS' LETTERS

A series of letters from "Jake" Snyder to his parents, Mr. and Mrs. B. F. Snyder:

Dec. 12, 1918.

Dear Dad and Mother:

I mailed a card to you this morning and since then I have found some German writing paper, so here goes for a letter. We have been on the way for 21 days; of course, we have had a few days of rest. We are now in a small German village for two days' rest and are about thirty miles from Coblenz, which is on the Rhine, which is going to be our destination. It has been a pretty hard trip for the men that have to walk, but I have been lucky. We haul packs from one place to another, then we go for rations and hay and oats to the rail head which is about forty miles. I got stuck one night in a canyon and was there two days and two nights before any outfit came along. I have a helper and we had plenty to eat with us so I didn't mind it much. The weather has been bad, lots of rain and fogs are heavy every night. They surely have some great hills. You go about twenty miles and you are apt to meet yourself coming back, you wind around hills so. You can see towns down below you—sure is a wonderful country. We are getting the best to eat—no trouble at all. We sleep in barns, town halls, etc., that is, when we sleep indoors, but it hasn't been very cold. The only thing that troubles me is the cooties. They keep me scratching all night, but I should worry. Will be glad to get there so I can get a bath. You possibly are wondering when we all will be back; that's hard to tell—it may be a month and it may be six months, but anyway I am seeing everything there is to be seen and I will tell you soon enough so that you can meet me in Chicago; that is, if we are mustered out in the West. It will save me a trip out.

By the way, one year ago today is when I held up my right hand and said, I will, and I have seen six months of foreign service and will get a gold stripe. I might tell you some of the fronts that I have been on, which I could never tell you before.

We landed at Brest, the 31st of May—was there five days and went to Bordeaux. Look on the map and you can tell just where I have been. We went into action August 1st at Chateau-Thierry and from there to the St. Mihiel front and from there to Verdun and the Argonne forest, and the last places were Meuseaux and Dion. You see we travel some. I could go on and write a book about it, but I wouldn't have anything to tell when I get back and I want to say I am a lucky fellow to be alive; had many narrow escapes. I sure am going to be one of the happiest fellows when I set my foot on U. S. soil.

It is show time. Love to Mother and Granddad. Hope you are all well and happy. Your son, JAKE.

Trier, Germany.

Hello, Dad:

Just a note. I am on my way to the southern part of France. Stop here to change cars. There are ten of us going to get touring cars, Whites, I understand. Expect to be gone twenty days; going to drive them back. Just had a bowl of hot chocolate at the Red Cross. I am strong for them. Must go.

JAKE.

Trier, Germany.

Dec. 28, 1918.

Hello, Dad:

I wrote you a note last night when I got in here; was in a hurry so couldn't write much. We spent the night here and were supposed to have left here at 1 o'clock today, but missed the train. The rest of the fellows got it so I had to lay over here until 11:45 tonight. It is now 9:30. I expect to catch up to them at Metz and from there go to Paris and from there to LaRocheville. Now, if you look on the map you will see that I am traveling some. LaRocheville is a port town on the western coast. We were fitted out this morning with new clothes from head to feet. Had a haircut and a good hot bath and feel like a new man; sure do stick close to the Red Cross. They're all serving hot chocolate now. I am allowed forty bucks for my cats but so far it hasn't cost me a penny. Expect to be gone a month. We are going to drive back. It will be Whites or Dodge cars; don't know for sure which. This is a town of about fifty thousand. Was just talking to a man who used to live in Milwaukee, Wis. There are lots of soldiers here at the depot but I don't seem to find anyone I know. Guess they don't come over.

Well, dad, will cut this. Will send you a card from places I happen to be. Love to mother and wish you could have a cup of this good Red Cross chocolate. They get my extra change after this. Everything is free. York Herald papers here that are printed in Paris. Just got visiting reading about the president's visit. Must go now. Love to all.

Your son,

JAKE.

Paris, France,

Jan. 1, 1919.

Dear Dad and Mother:

This is another year. Can't realize that I have been in this army nearly 13 months. Got my service stripe today, so feel pretty smart. I wrote a note last night. Suppose you

got it. Have been doing the town all day. Have been with a young fellow from Chicago, who is in the French army. He took me all over this morning so was lucky and saw most of the points of interests. The greatest sight was the exhibit of German guns; it covers acres. It would take a week to see them all. Paris is surely the greatest city I ever saw. Chicago is a village alongside of Paris. Went to a show this afternoon. Everything is closed at ten o'clock—you can't even buy anything to eat. I am at the Y hotel. They are having a dance. We leave tomorrow morning at 7:30. Have had two nights and a day so that is not so bad. Only wish I had been paid. Would like to have bought something to send you all. As it was I spent about 35 bucks just eating and shows and taxis. Sure was well worth it. Now I am going to hit the hay as I am dead tired. Hope you are all well and wish you all a happy New Year. Love to Mother and Granddad. Will send a card from the next place. Your son, JAKE.

FROM RAY GARDNER.

Somewhere in France,

Nov. 6, 1918.

My Dear Brother and All:

I received your letter and was sure glad to hear from home. I received a good letter from Oscar and he sent me two photos of himself at his camp. We have just moved from the line to the rear for a rest-up after a long hitch of active duty. I have gone over the top three times and have seen my share of the war, to my notion. It is a good thing to go through with, all O. K., if you don't weaken. The night we moved into this town, a town the Americans captured from the Boche after their holding it for just four years, you couldn't guess who came up and grabbed me by the hand and said, "Hello, Ray, how are you?" I looked at him and said, "So as to carry a heavy pack." Then I saw who it was and was greatly surprised to find it was Jack Ryan from old North Galena avenue. He is in our division, but in another regiment, the 131st instead of the 132nd, in our brigade of the division. There is another fellow by the name of Louis Rock in Company E of the 131st and Jack is in Co. I.

The civil population of this burg can talk a bit of Dutch because the Dutch were here so long. We are now where everything is all American now, even the bully beef.

I am going to send Mother another handkerchief that I got here at St. Mihiel.

They sure are going after the Hun now. They are driving him back to his dear old fatherland fast. They keep him moving day and night to get out of the Yanks' way. The French sure thinks a lot of the American "Soldat." They say, "tres bien" that means very good.

Well, I am sorry that Frank could not get in at the N. U. T. S. I think he would have made good. What are Frank and David going to do in this time of war? Tell them both to get in the navy, a tip from a soldier in France—a Yank.

Last week we sure had a fine place. All I miss is the pumpkin pie I had every day that I was there. And we were there only 6 days, of good feed. How are dad and mother and all at home? I am well and as fat as ever. I have another new outfit, with the exception of an overcoat. The U. S. army sure treats us good on clothes and most everything. Of course, we have to take the bitter with the sweet.

I guess Curtis will be surprised some day because I sent him a German helmet and a cap. I want you folks to take care of them until I come back. It is on its way to old Dixon.

I must close for this eve, as the boys want to go to bed and they have to turn off electric lights. Honest. I remain as ever.

Your Soldier Brother,

Private R. Gardner.

Written by Corporal Otto W. Genauer, of U. S. Engineers, to Mr. and Mrs. Louis Jones, 518 Depot avenue, Senningen, Luxembourg.

Dec. 21, 1918.

Mr. and Mrs. L. Jones,

Dear Friends: I suppose by this time you may think I am on my way back to the States, because of my not writing sooner. I have not written to anyone for twenty days. We have been on the hike ever since Dec. 6th, and expect to go some more. I don't know when this letter will be mailed but it's a good thing to have letters ready when the word comes that letters will be taken up.

This trip is what you might call touring France, Alsace-Lorraine, and Luxembourg, on foot. I wouldn't miss this hike for anything, for we certainly do get to see a lot of interesting things and also get to talk to these people. They certainly do treat us royally. We hike from 16 to 22 kilometers in a day, or 10 to 13 miles. These are the towns we were in over night: We started from Vaux, some twenty kilometers from Verdun (south). First day we made 22 kilometers, to Moulotte, second day, Droitaumont, and so on to Briey, Mont, Fressingen, Kayl, Alzingen, Erpeland, Oberdonven and then to Senningen, where we arrived Dec. 18, and have been here ever since for a short rest.

I bought some candy the other day and, believe me, you have to be a millionaire to buy it. Chocolate is very scarce. Everything else is very dear.

Children—I never saw so many in all my life and all perfectly well and happy. The people here in Luxembourg certainly do like the Yanks, even the girls, some very pretty girls.

Oh! Boy, these are the kind you fall in love with at first sight.

Within four days it will be Christmas and it's very hard to say where we will be within four days and what we will do. I sincerely hope that you both will enjoy the Christmas holidays. Enjoy it just as though there never was a war.

For the last two weeks it has been raining quite a bit, making hiking a little miserable. Nothing stops us any more, whether the sun shines or not. That's what won the war.

At the present time I am feeling just fine and in good health and here's hoping this letter will find you in still better health and also enjoying the very best of your life.

I have quite a bit of news, but I'm a little afraid it will not pass the censor, so I will close with my very best wishes and good luck to you both. I remain,

OTTO.

RHEUMATIC AGONY PITEOUS AND PAINFUL NOW EASILY ENDED

James H. Allen of Rochester, Once a Cripple, Now Strong and Robust, Gives Secret to Sufferers.

It does not matter to me whether you are disabled with cursed rheumatism or have only occasional twinges, I know that Allenrhu, my own discovery, will stop the agony, do away with the gnawing pains and reduce the swollen joints.

I know it will dissolve the uric acid deposits that have become deeply imbedded in joints and muscles and quickly drive every trace of rheumatism from your body. I know this because I was crippled for years and many times was unable to work, and Allenrhu made a well, robust, healthy man of me.

I know because since I cured myself, hundreds have taken Allenrhu and speedily rid themselves of this agonizing disease.

No matter how severe your case, I urge you to put your faith in the prescription that it took me years to perfect—a prescription that made a new man of me after doctors tried and failed.

Allenrhu is no laggard; it starts right in at once; it gets into the blood, searches out the poisonous uric acid deposit and in two days starts to drive the concentrated impurities that cause rheumatism, out of the body through the natural channels.

Through the columns of this newspaper, I authorize every druggist to return your money if Allenrhu doesn't rid you of rheumatism.

Letters from Bert Stitzel, to his mother, Mrs. George Stitzel and brother, Harry Stitzel, tell of conducting the president on one of his tours on Christmas Day.

Neufchateau, France, Dec. 28.

Dear Mother:

Just a few lines to let you know I received the Christmas box you sent me. It came one day after Christmas and in good condition. One of the other fellows also got his and we took them up to our room where we had some feed.

The Red Cross also gave us a bag with candy, but, a handkerchief and a pair of socks. One can always get things from them at all times and always free.

Christmas morning for breakfast we had oatmeal, toast, red raspberries and coffee. We had some snow Christmas and it froze up for a few days, but it is raining at present. It sure is miserable weather to drive in. Christmas we drove to Chaumont, where we picked up the president and his party and took them to the city of Humes, where he and General Pershing reviewed the troops. It surely was some sight. We then took them over to Montigny Le Roi, where they ate dinner at a large chateau and not in the trenches. They surely

gave us a real lunch, mostly lunch. It was the first Christmas I ever chomped on sandwiches and hope it is the last. We arrived back at Neufchateau in time to hear Miss Wilson's entertainment, which was fine.

We are assigned to these cars for good and expect to have steady driving. The cars are enclosed and it is a good job, but think how much I would rather start home. If I don't get away from here soon I won't have much time to put in on my homestead in South Dakota. Will close for this time hoping this finds you all well. With love,

BERT STITZEL.

Neufchateau, France, Dec. 30, 1918.

Dear Harry:

Will drop you a few lines to let you know I am feeling finer than a kid of three. It has been raining about all the time we have been here, so you can imagine all the mud we have. For the last three weeks we have not done a thing but eat, sleep and then some more sleep.

Christmas day, as I told mother in my last letter we made a trip to Chaumont, to get the president's party and took them to Humes where he and Gen. Pershing reviewed the troops. We then took them over to Montigny Le Roi, where they mostly ate dinner. While they were eating turkey we had our two corn Bill sandwiches. From there to Chaumont and then back to Neufchateau where we heard Miss Wilson sing at an entertainment given at the "Y."

We are booked tomorrow for Langres, where we pick up some officers and take them up through Metz and over into Germany for a twelve-day trip. There are six of us going on this trip and we receive \$4 per day for the first four days and then \$3 for the rest of the trip. We sure have some times, but it takes "beau-coup francs," too, but that is a mere trifle here.

Will close for now and will trip to write as often as possible. Hope you are all well. Tell Mary "hello" for me. I hope I get to Paris soon, as that is all I want to see yet. Most of all I hope our boat is ready for us to start back on. Best regards to all. As ever, BERT R. STITZEL.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

Galvanized Baskets

are strong and light,
clean and tight

One Bushel Galvanized Iron Baskets were scarce at \$1.75. We now sell them at \$1.35.

LOWER PRICES

Due directly to relief from the stress of war are coming through gradually. Here we offer first-class black coal hods at 60c each. They were 80c. Second quality at 45c. They were 70c. Best galvanized hods are 75c. They were \$1.00.

Our Next Ad Will Contain More Changes

Just as our customers were protected from the sudden raise in prices by the enormous quantities we bought when goods were cheap, so they will reap a quick advantage when the prices drop, because we have trimmed our sails and have no surplus stock of any goods that are likely to be lower in the next few months. No customer will be asked to pay a war price a minute after the war price ceases to exist. Today we received a stock of extra jaws for crescent wrenches, also some 15-inch crescent wrenches, so we hope soon to be over the war-time scarcity of these useful tools.

MONKEY AROUND—our tool department for awhile and you'll find the exact Wrench you need for the job—Stilson pipe, chain, combination, monkey and key—in all sizes at lowest prices.

The FORDSON at a Glance

The FORDSON Is Light—Weighs Only 2700 Pounds

THE Fordson Tractor is economical—both to buy and to operate—two and one quarter gallons of kerosene per acre plowed is a fair average.

The Fordson Tractor is powerful—will pull two 14-inch plows in the stiffest soil or drive a threshing machine—maintain 1800 pounds drawbar pull at plowing speed—2500 pounds on low gear. Twenty to twenty-two horsepower is available at the belt pulley.

The Fordson Tractor is durable—simple, rugged, accessible in design with few parts. The toughest steels which science can produce are used to give strength and durability instead of depending on heavy masses of metal. All moving parts are enclosed and lubricated, air is washed clean to protect the motor.

When Kidneys Are Burning!

This is the danger sign: when your kidneys are burning like balls of fire you must immediately lessen their duties or there's no telling how serious the consequences may be.

It's a sign that food-waste is fermenting in your bowels filling your blood with poisons and your kidneys are being overworked to throw the poisons off.

Get at the cause. Your druggist has a preparation called SALINOS. It is a thoro laxative that will completely empty the bowels, including the lower bowel where most of the poisons are formed. Get a bottle for a Quarter (larger sizes Fifty-cents and a Dollar).

Get it today. Use it first thing tomorrow morning.

SAYS NEW YORK JEWS STARTED BOLSHEVISM

Petrograd Commune Had Only 16 True Russians in it, Report.

YANK NEGRO MEMBER

By Associated Press Leased Wire
Washington, Feb. 12.—The success of the Bolshevik movement in Russia is attributed to aid from the lower east side of New York by Rev. G. A. Simonds, former head of the M. E. church in Russia, testifying today before the Senate judiciary subcommittee inquiring into lawless agitations in the United States. The witness also said that the predominating influence in Bolshevik propaganda activity here is the Yiddish element on the East Side. He explained that he meant to cast no reflections on the Jewish people in general.

Rev. Simonds said that he is now investigating a report that the government commission of the Northern Commune in Petrograd on Dec. 18 contained only sixteen true Russians, 265 persons from New York city and one American negro, who called himself Prof. Gordon.

Dr. Simonds said that in the United States "Prof. Gordon" had been a pugilist and in Petrograd he was a doorkeeper for the American embassy on one time. He said that the negro wanted at one time to marry a "Russian lady" and asked him to perform the ceremony.

STATE SENATE PASSES "SOLDIERS FIRST" BILL

A New House Bill Would Make Criminal Syndicalism a Felony.

TO PREVENT VIOLENCE

By Associated Press Leased Wire
Springfield, Ill., Feb. 12.—Punishment of not more than ten years imprisonment and a fine not to exceed \$5,000 for any person found guilty of criminal syndicalism which is designated as a felony is proposed in a bill introduced in the House today by Representative Frank Ryan, democrat, of Chicago.

Criminal syndicalism is defined in the bill as a "doctrine of sabotage, violence or unlawful methods of terrorism as a means of accomplishing industrial or political reform."

The Senate passed the \$1,600,000 deficiency bill for state charitable and penal institutions and also passed Senator Kessinger's bills giving soldiers and sailors on city, county and state civil service positions.

M. J. Burright, of Oregon, was a business visitor in Dixon yesterday.

PUBLIC SALE

At Woodlawn Farm, Just West of Sterling
THURSDAY, FEBRUARY 20
15 HORSES AND MULES

Four mules, one extra choice team of very large mules. Eleven trotting and road bred horses including Gold Alice, 2:21 3/4 (bred to The Guide, 2:07 1/2, the great son of Peter the Great), Pearl Williams, 2:23 1/2 (bred to The Guide) Kentucky Princess (sired by Kentucky Todd, 2:08 1/4, the great futurity winner and sire of a number of great race horses, the dam of this filly is Priscilla, 2:24 1/4, she in turn a daughter of old Priscilla, the dam of nine standard performers from 2:09 1/4 to 2:29 1/4). This young filly is certainly bred right to make a great race mare; she has never been handled but we hope to hitch her a few times before sale day; Legeta (sire Legateer, 2:13 3/4, dam Debuture, 2:19 1/4, the dam of Debutly, 2:14 1/4; Legature, 2:14 1/2; Eureka Maid, matinee record 2:16 1/2; Brown Boy trial 2:19 1/4). This young mare is, to our notion, the best individual of all debuture foals, remarkably handsome, great natural speed; she has never been trained, is bred to The Guide and shows to be in foal; Debentor, full brother to the mare above, a coming two-year-old gelding of extreme promise, he is surely the making of a great race horse. In addition to the above we will sell several other geldings from two to four years old by Legateer, some of them are broken, some of them will only be hitched a few times by sale day. Among the lot are several handsome colts that will develop into good driving horses.

SHETLAND PONIES

We have some one-half dozen or more Shetland ponies, geldings that will be offered at public or private sale on this day.

BROOD SOWS

25 head of choice brood sows, most of them Duroc-Jerseys or Chester Whites.

This boar was first prize Junior pig at Illinois State Fair 1918. He is a grandson of Van's Orion Cherry King and a good one. You will want a sow or gilt bred to him.

Model Chief, Big Illustrator, Advance, Orion Cherry King, Jr.

are the sires of most of the offering. They are rich in Orion, Defender, Colonel and Illustrator blood and one of the best offerings to be sold anywhere this season. They are large and growthy and bred from prolific families. A daughter of Model Chief farrowed 46 pigs in three litters. This is the kind of foundation stock it pays to buy.

The catalogue gives all details. Be sure to get your copy. Buying orders may be sent to W. T. Mason of Prairie Farmer, in my care.

member of the Lutheran church near the place of her birth and after her parents moved to this vicinity in 1855 she was a constant and regular attendant at the Lutheran church at Brookville until that church disbanded. She then became a member of the Home department of the Polo Lutheran church.

Her marriage to Daniel Garman took place April 6, 1858, and her entire married life was spent on the home farm. To this union fourteen children were born, four of whom, with the husband, preceded her to the Great Beyond.

Mrs. Garman had been in failing health for a number of years, her death due to a complication of diseases.

She is survived by the following children: Lucindy Huey, of Rowan, Iowa; Lewis Garman, of Freeport; Samuel, Edward, William, Charles and Harry, of Brookville; John, of Shannon; Mary, of Haldane, and Mrs. Emma Temple, of Polo. Two brothers, Samuel Conrad, of Haldane, and Isaac Conrad, of Freeport, together with twenty-four grandchildren, and five great grandchildren, also survive.

Funeral services were held Wednesday, Feb. 5th, at one o'clock from the home and at two o'clock from the Brookville Lutheran church. Rev. L. Woods, of Freeport, officiated. Interment was made in the Lutheran cemetery at Brookville.

Mrs. J. Wilson Gordon, who has been assisting in Allied Relief work in France for the past six months, will give an address under the auspices of the local Woman's Committee, Council of Defense, on Friday evening, February 21st. Her lecture will be illustrated with stereopticon slides.

Mrs. J. T. Mulnix, Jr., who has been in the Katherine Shaw Bethea hospital at Dixon for the past two weeks, is recovering nicely from the effects of an operation.

The twenty-three lots in Chicago, belonging to the Bryant Barber estate, were sold on Thursday last week and brought a total of \$6,050.

Miss Hazel Cordell entertained a number of young people at her home Sunday in honor of Mr. Abe Reiff's birthday.

Mrs. W. G. Unger, of Dixon, spent Sunday and Monday with relatives in this city.

Messrs. Gerald Hall and E. Murray Bunnell, of Dixon, are visiting in this city and attending the Fireman's Fair.

T. M. Duffey was in Mt. Vernon, Iowa, last Friday, where he purchased a pure bred Poland China gilt at the E. C. Forrest sale.

Funeral services were held Friday afternoon at 2 o'clock at the home of Mr. and Mrs. Guy Gilbert for their baby daughter, Mary Rebecca, who lived only three days. Rev. W. H. Pierce officiated and interment was made in Fairmount cemetery. She is survived by her parents, one brother, and one sister.

Miss Emma Zollinger was in Freeport Monday visiting her sister, Miss Elizabeth Zollinger.

Arthur Stoner, who has been taking treatment for cancer in Goshen, Indiana, for several months, writes home that he believes himself fully recovered and thinks he will be able to come home in a few weeks.

The Loyal Workers class of the Church of the Brethren, held their annual election of officers at the home of Mrs. A. Stauffer last Thursday evening, with twelve members present. The following officers were elected:

President—Miss Maude Powell.
Vice President—Mrs. Orville West.
Secretary—Mrs. Albert Owen.
Assistant Secretary—Mrs. Roy Travis.

Treasurer—Mrs. Albert Wade.
Chorister—Mrs. Orville West.
Historian—Mrs. Ella Summers.

A social good time was enjoyed for the remainder of the evening.
